Discussion regarding airport relocation

Tony Hardin explained the Woodford Aeromodeller Clubs reasoning for wanting to relocate from their current location to a portion of the new park farm that is adjacent to the neighboring farm.

The committee agreed to work on a memorandum of understanding to outline the Aeromodeller Clubs role and expectations and the role of the Parks and Recreation Department. Both parties acknowledge that the decision to move the airport is at the discretion of the Woodford Fiscal Court and any agreement or lease for use of land would have to go before the Court.

Adjourn.

Meeting was adjourned at 11:15 am
