Policy changes related to workout age in fitness room

Rich presented the board with a policy change to the age of use in the fitness room. The proposed new policy would allow 13- and 14-year-olds to work out in the room provided they had a parent signed waiver on file in the office. Motion to change the policy to allow 13 and up with waiver on file D. Gill 2nd K. O'Reel. All voted in favor of the motion

Huntertown Pavilion update

Rich shared the updated timeline with the board with the final completion date now of December 18. Rich also pointed out that the company Romtec sent two of the same tanks sending 2 right side rather than a left and right. We had paid to have the tanks shipped early so they could be installed prior to the other materials arriving but since they had to ship new ones, we have been refunded the $2,800 change order.

Huntertown Walk path update

All grant paperwork has been signed and submitted back to Department of Local Government we are now just waiting for final approval which we hope could come next spring or summer.

New sidewalks Beasley & front of Falling Springs

Rich noted the installation of new sidewalk connecting the theater lot and the front doors have been very well received noting it had been needed for awhile and only took us 25 years to get it done.

Big Spring Park LWCF bridge grant

Rich noted that the full grant was sent out to the board last week via email. He also noted that part of the 1st bridge is not technically in park boundary but rather inside the boundary line of the funeral home. Rich said this is something we will need to address and see about an easement or redrawing the boundary with the owners of the funeral home moving forward. Motion to approve the grant and for Jon Gay to sign letter of support by S. Finney 2nd P. Pinkston - all voted in favor of the motion.
